

Minotti

Minotti

Ogni anno il mood e la contestualizzazione della nuova collezione danno prova di come l'azienda sappia sviluppare il proprio progetto evolutivo nel segno della continuità, riuscendo nel contempo a sorprendere per spirto di inventiva ed innovazione.

Lo stand Minotti - uno spazio di oltre 2000 mq sviluppato su due piani - si presentava come una vera e propria installazione volta a rappresentare un'idea di casa ed un modo di abitare perfettamente riconducibili allo stile Minotti.

I motivi estetici ed i colori che da sempre caratterizzano l'identità del brand sono stati interpretati in modo attuale ed innovativo nel progetto architettonico dello stand, che proponeva il concept di una casa in sapiente equilibrio tra classico e contemporaneo, mescolando abilmente suggestioni provenienti da epoche e culture diverse e stratificando materiali e colori in un disegno unitario e armonioso.

Per la realizzazione di questo affascinante spazio espositivo sono stati utilizzati materiali raffinati quanto inconsueti quali rivestimenti in marmo Invisible Blue, pannelli laccati Elephant Grey, carte da parati caratterizzate da texture particolari, lamiera, pavimenti in larice spazzolato Dark Brown, cemento grigio lava e pietra.

Le sfumature del grigio e del marrone unite a nuances più naturali con l'introduzione di un colore brillante – il giallo – hanno contribuito a conferire carattere e vigore al progetto.

L'ingresso allo stand suggeriva quello di una villa contemporanea: varcata la soglia d'ingresso, il visitatore veniva condotto alla scoperta di ambienti ricchi di fascino e suggestione, nei quali venivano presentati i nuovi sistemi di seduta Lawrence, Lawrence Clan e Pollock, la collezione Jacques

ed i numerosi complementi, alcuni dei quali firmati da Christophe Delcourt.

Gli ambienti indoor si alternavano armoniosamente con quelli outdoor, pensati come vere e proprie oasi di verde all'interno dello spazio espositivo e cornice ideale per la presentazione del nuovo sistema di sedute Florida, delle sedute Halley "Outdoor" e Colette "Outdoor".

Come già negli anni passati, la presentazione della nuova collezione al Salone del Mobile di Milano segna un momento fondamentale nel percorso intrapreso dall'azienda perché coniuga progetto architettonico, interior design, un moderno approccio alla decorazione, styling, trasmettendo in modo chiaro e preciso il linguaggio estetico proprio di Minotti e la sua capacità di sorprendere rimanendo fedele alla propria storia.

Each year, the mood and the staging of the new collection demonstrate the company's skill at developing its own evolutionary design ethos of continuity, while at the same time expressing its creativity and innovation in fresh, unexpected ways.

The Minotti stand - a space of more than 2000 sq. m that expanded over two floors - was the epitome of an installation, conceptualized to portray a vision of the home and a way of living that bear the unmistakable signs of the Minotti DNA.

The aesthetic concepts and colors that are hallmarks of the brand's identity were interpreted with an innovative, contemporary brushstroke in the architectural design of the stand.

A portrayal of the concept of the 'home' it expertly balanced the classic and the contemporary, skillfully blending influences drawn from different periods and cultures, while layering

materials and hues in a unified, harmonious design.

Sophisticated materials, like cladding in Invisible Blue marble, panels with Elephant Grey lacquered finish, uniquely textured wallpaper, metal sheathing, floors in Dark Brown brushed larch, Lava Grey cement and stone all came together to create this captivating exhibit space.

Subtle shades of grey and brown were combined with more natural colors and a pop of sun-drenched yellow to lend personality and vitality to the project. The entrance to the stand evoked that of a modern residence. Once through the doorway, visitors were led on the discovery of rooms filled with charm and enchantment that set the scene for the new Lawrence, Lawrence Clan and Pollock seating systems, the Jacques collection and a wealth of accessories, some of which were designed by Christophe Delcourt.

The interiors alternated seamlessly with the outdoor settings, crafted as a true oasis of green within the exhibit space, and the perfect scenario in which to introduce the new Florida seating system, alongside the Halley "Outdoor" and Colette "Outdoor" armchairs.

As in past years, the presentation of the new collection at the Salone del Mobile in Milan marks a pivotal moment in the company's journey because it weds the architectural project, interior design and a modern approach to decoration and styling that clearly and precisely convey Minotti's own aesthetic language and its ability to explore the unexpected while remaining faithful to its own traditions.

Jedes Jahr zeigen Atmosphäre und Ambientierung der neuen Kollektion, wie es der Firma gelingt, ihr Projekt im Zeichen der Kontinuität weiter zu entwickeln, gleichzeitig aber mit

Phantasie und innovativen Lösungen zu überraschen.

Der Stand von Minotti - mit einer Ausstellungsfläche von über 2000 m<sup>2</sup> mit einem Obergeschoss - zeigte sich wie eine wahre Installation, die das Konzept eines Hauses darstellt und eine Idee des Wohnens vermittelt, die dem Stil von Minotti perfekt entspricht. Die ästhetischen Motive und Farben, die die Markenidentität des Labels seit jeher charakterisieren, werden in aktueller, innovativer Weise durch das architektonische Projekt des Standes wiedergegeben, das das Konzept eines Hauses zeigt, in vollkommener Ausgewogenheit zwischen Klassik und Moderne, wobei sich Ideen aus verschiedenen Epochen und Kulturen geschickt mischen, Materialien und Farben zu einer harmonischen Einheit verschmelzen.

Zur Realisierung dieses faszinierenden Ausstellungsraumes wurden raffinierte, ausgefallene Materialien benutzt, wie Marmor Invisible Blue, in Elephant Grey lackierte Paneele, Tapeten mit besonderen Texturen, Blech, Fußböden aus Dark Brown gebürsteter Lärche, lava- und steingrauer Zement. Die Nuancen von Grau und Braun gemischt mit Naturtönen und einer leuchtenden Farbe – Gelb – trugen dazu bei, dem Projekt kräftigen Charakter zu geben.

Der Standeingang glich dem Eingang eines modernen Wohnhauses: Gleich nach der Türschwelle wurde der Besucher in atmosphärische, stimmungsvolle Räume geleitet, in denen die neuen Sitzprogramme Lawrence, Lawrence Clan und Pollock präsentiert wurden, die Kollektion Jacques und zahlreiche Zusatzelemente, einige davon entworfen von Christophe Delcourt.

Die Indoor-Räume lösten sich harmonisch mit den Außenbereichen

ab, als wahre, grüne Oasen in der Ausstellung gedacht, und idealer Rahmen für die Präsentation des neuen Sitzprogramms Florida, der Sitze Halley "Outdoor" und Colette "Outdoor".

Wie bereits in den vergangenen Jahren ist die Präsentation der neuen Kollektion auf der Mailänder Möbelmesse ein entscheidender Moment auf dem von der Firma eingeschlagenen Weg, denn hier vereinen sich das architektonische Projekt, Interior Design, eine moderne Art von Dekoration und Styling, so dass der ästhetische Ausdruck des Labels Minotti klar und präzis übermittelt wird, die Kapazität, immer wieder zu überraschen und dabei der eigenen Geschichte treu zu bleiben.

Chaque année, l'esprit et la contextualisation de la nouvelle collection démontrent combien la société italienne est en mesure de développer son projet évolutif sous le signe de la continuité, tout en étant capable de surprendre par un esprit inventif et innovant.

Le stand Minotti – un espace de plus de 2000 m<sup>2</sup> développée sur deux étages – se présentait comme une véritable installation visant à évoquer une idée de la maison et un mode d'habiter correspondant parfaitement au style Minotti.

Les motifs esthétiques et les couleurs caractérisant l'identité de la marque depuis toujours, ont été interprétés d'une manière actuelle et novatrice dans la conception architecturale du stand qui proposait le concept d'une maison en savant équilibre entre classique et contemporain, par la combinaison habile de suggestions d'époques et de cultures différentes et la stratification de

matériaux et de couleurs en un dessin homogène et harmonieux.

Pour la réalisation de cet espace d'exposition fascinant, des matériaux aussi raffinés qu'insolites ont été utilisés tels que des revêtements en marbre Invisible Blue, des panneaux laqués Elephant Grey, des papiers peints caractérisés par des textures originales, de la tôle ainsi que des sols en mélèze brossé Dark Brown, en béton gris lave et en pierre.

Les nuances de gris et de marron associées à des teintes plus naturelles ainsi que l'introduction d'une couleur vive – le jaune – ont contribué à apporter une note de caractère et de vigueur au projet.

L'entrée du stand suggérait celle d'une villa contemporaine : une fois le seuil franchi, le visiteur était conduit à la découverte d'espaces pleins de charme et d'attrait où étaient mis en ambiance les nouveaux systèmes de sièges Lawrence, Lawrence Clan et Pollock, la collection Jacques et les nombreux meubles de complément dont certains portaient la signature de Christophe Delcourt. Les espaces intérieurs s'alternaient harmonieusement avec les espaces extérieurs, conçus comme de véritables oasis de verdure à l'intérieur de l'espace d'exposition et devenant le cadre idéal pour la présentation du nouveau système de sièges Florida, des sièges Halley "Outdoor" et Colette "Outdoor".

A l'instar des années précédentes, la présentation de la nouvelle collection au Salone del Mobile de Milan marque une étape importante du chemin entrepris par la société car il associe projet architectural, décoration d'intérieur, approche moderne à la décoration, stylisme, tout en faisant passer d'une façon claire et précise le langage esthétique de Minotti ainsi que sa capacité à surprendre tout en restant fidèle à sa propre histoire.

Drawing upon the experience it has gained over the years, Minotti pushes its creativity in new directions, tapping into extraordinary partnerships, like that with French designer Christophe Delcourt, architect of the designs for the Lou table and the Fil Noir chairs, pieces that integrate brilliantly into the 2017 Collection, coordinated entirely by Rodolfo Dordoni, as were the previous collections. Through an intriguing layering of sensations and styles, the compositions reveal the company's ability to craft a sophisticated contemporary form of decor, perfectly poised between the classic and the contemporary.

An utterly charming living room that elicits an atmosphere of timeless elegance through unexpected combinations: wood, stone, fabric and leather skillfully blended and infused with warm, sophisticated hues. The Lawrence seating system plays a starring role in front of the fireplace, engaged in tasteful dialog with the Song, Lou and Ellis coffee tables and the Jacques sofa.

Staging of the exhibit space evokes an idea of the home, brilliantly balanced between classicism and modernity – cladding in luxurious Invisible Blue marble, floors in Dark Brown brushed larch and rugs in elegant shades, arranged in a way that suggests an unconventional use of the space in which the Lawrence seating system, characterized by its formal, geometric shapes, and the sofas and armchairs, with their curved, enveloping lines, neatly coexist.

A generous composition of the Lawrence seating system emphasizes its vitality and brilliant versatility. The formal, geometric shapes of the sofa stand in eloquent counterpoint to the fluid, sinuous lines of the Halley armchair. A deft choice of accessories that marry functional practicality with decorative allure and a distinctly contemporary vibe complete the setting.

A global vision of the project and the decor includes the outdoors in its embrace, creating a continuous dialog between interiors and exteriors that is as seamless as it is refined. Impressive vertical gardens alternate with adjustable natural oak 'wings' to form the backdrop for settings that are both captivating and socially inviting.

The curved lines of the Florida seating system allow for the creation of sinuous, unique compositions, like this double-sided arrangement that, on one hand, invites a situation of total relaxation near the fire pit, and on the other, establishes an effective interplay with the Bellagio Lounge Outdoor table and the Aston Cord Outdoor armchairs.

The upper floor introduces a display concept aimed at illustrating how the products in the 2017 Collection were specifically designed with the intention of also enhancing the decor in hospitality settings.

The variety and versatility of the 2017 Collection make it possible to create lounge environments that exude just the kind of warm welcome and charm one would find at home.

The enveloping lines of the seating elements, the pairings of colors and materials, designed with taste and refined aesthetic insight, contribute to creating a lounge space that conveys a feeling of relaxed elegance and sends guests a message of warm welcome.

Questa originale struttura tessile si ispira ad una particolare versione di tweed, nota con il nome di Knickerbocker, un tessuto cardato cosparso di puntini di colore diverso dal fondo. Il tessuto è costruito in doppia tela su telai jacquard; la parte sottostante conferisce corpo e stabilità al tessuto, mentre la parte superiore è data da un intreccio di filati in viscosa con titoli e sfumature in contrasto, che creano il caratteristico effetto Knickerbocker. Questo tessuto così particolare nella consistenza e nelle coloriture – una gamma di treddci sofisticati colori – rappresenta una scelta raffinata per rivestire tutte le sedute della nuova collezione.

This creative textile structure takes its inspiration from a particular type of tweed, known as Knickerbocker, a carded fabric scattered with tiny flecks of color different from the background color. The fabric is double-woven on Jacquard looms; the underlay lends body and stability to the fabric, while the overlaid part is made from a weave in rayon yarns with contrasting densities and subtle shading that create the characteristic speckled colour effect. So unconventional in its texture and colours – an array of thirteen sophisticated hues – Douglas is a refined choice for upholstering all the seating elements in the new collection.

Eine originelle Textilstruktur, die sich an eine besondere Variante von Tweed anlehnt, bekannt unter dem Namen Knickerbocker, eine unregelmäßig kardierter Wollfaden, der kleine Farb tupfer ergibt, die sich vom Hintergrund abheben. Der Stoff ist eine doppelte Leinwandbindung auf Jacquard-Webstühlen; der untere Teil gibt dem Stoff Volumen und Halt, während der obere Teil aus einem Gewebe mit Viskosefasern kontrastvolle Nuancen bildet, die den typischen Knickerbocker-Effekt schaffen. Dieser, von Konsistenz und Farbnuancen her so ausgefallene Stoff – eine Palette von dreizehn raffinierten Farben – bietet stilvolle Lösungen für die Bezüge aller Sitze der neuen Kollektion.

\*: nuovi colori 2017 / new 2017 colors

Il tessuto Molokai rappresenta una grande innovazione da un punto di vista stilistico, perché utilizza la tecnologia dei telai che producono velluti tradizionalmente impiegati per gli arredi indoor, con filati specifici per l'outdoor. Una sfida tecnologica superata con caparbia e con il preciso intento di raggiungere un risultato importante: creare un velluto per i rivestimenti outdoor. La morbida composizione acrilica del tessuto Molokai replica fedelmente l'aspetto dei velluti in lana mohair; mano morbida ed effetti screziati ne esaltano l'aspetto naturale. La gamma cromatica vede l'introduzione di quattro nuove nuances: Sunflower, Ruggine, Verde Bosco e Granite.

Stylistically, Molokai is an exciting textile innovation because it uses the technology of velvet-making looms traditionally employed for indoor furnishings, but with fibers specifically designed for the outdoors. A technological challenge overcome through persistence and with the firm intention of reaching a remarkable outcome – creating a velvet fabric suited to outdoor upholstery. The soft acrylic composition of the Molokai fabric faithfully mirrors the appearance of mohair velvets; a soft hand and mottled effects enhance its natural look. The range of colors is expanded with the introduction of four new shades: Sunflower, Ruggine, Verde Bosco and Granite.

Der Stoff Molokai stellt vom stilistischen Standpunkt her gesehen eine große Innovation dar, denn es wird mit typischen Outdoor Fasern die Technologie der Webstühle genutzt, die normalerweise Samt herstellen, der traditionell zur Indoor Ausstattung verwendet wird. Eine technologische Herausforderung, überwunden mit viel Hartnäckigkeit und in der festen Absicht, ein wichtiges Ergebnis zu erreichen: Einen Samt für Outdoor-Bezüge herzustellen. Die weiche Acrylzusammensetzung des Stoffes Molokai ahmt den Aspekt der Samtstoffe aus Mohair-Wolle treu nach; Ein weicher Griff und ungleichmäßige Effekte betonen den natürlichen Aspekt. Die Farbpalette enthält vier neue Nuancen: Sunflower, Ruggine, Verde Bosco und Granite.

Le tissu Molokai constitue une grande innovation du point de vue stylistique car il emploie la technologie des métiers à tisser produisant des velours traditionnellement utilisés pour l'ameublement d'intérieur, avec des fils spécifiques pour l'extérieur. Un défi technologique brillamment relevé avec obstination et la ferme intention de parvenir à un résultat important : créer un velours pour les revêtements d'extérieur. La composition acrylique souple du tissu Molokai reproduit fidèlement l'aspect des velours en laine mohair ; une main douce et des effets bigarrés en exaltent l'aspect naturel. La gamme des couleurs voit l'introduction de quatre nouvelles teintes : Sunflower, Ruggine, Verde Bosco et Granite.

À cette personnalité forte et déterminée, Lawrence allie une variété d'éléments qui en font un canapé particulièrement polyvalent et permettent de créer des compositions au caractère transversal, s'intégrant avec une élégance mesurée dans des pièces de style différent. ### BRACCIOLI E CUSCINI / ARMRESTS AND CUSHIONS

Lawrence è previsto nella duplice versione con bracciolo alto e con bracciolo basso, che corrispondono a soluzioni estetiche differenti. Il bracciolo alto presenta uno spessore più contenuto, mentre il bracciolo basso, oltre a presentare uno spessore maggiore, consente di appoggiare il cuscino, per potersi sdraiare comodamente sul divano.

Per assicurare un giusto supporto alla schiena e regolare la profondità del divano a seconda delle esigenze individuali, è previsto un cuscino poggiareni, contraddistinto dalle medesime cuciture che caratterizzano gli elementi Lawrence "Clan".

Il cuscino optional con bottone centrale di forma quadrata, disponibile nelle misure cm 50x50 o cm 43x43, aggiunge una nota di moderna decorazione all'insieme.

#### BRACCIOLI ALTO / HIGH ARMREST

#### BRACCIOLI BASSO / LOW ARMREST

Lawrence comes in two versions, with either a high or low armrest. Each one correlates to a different design aesthetic. The high armrest is thinner than the low one which, in addition to being more substantial, is the perfect place to rest the cushion in order to lie comfortably on the sofa.

A lumbar cushion is included to ensure proper support to the back and adjust the depth of the sofa to suit individual needs. It features the same stitching motif that appears on the Lawrence "Clan" elements.

The optional cushions, which measure 50x50 cm and 43x43 cm and have a square center button, add an overall note of modern flair.

Lawrence ist mit hoher oder niedriger Armlehne erhältlich, zwei unterschiedliche, ästhetische Lösungen. Die hohe Armlehne ist weniger dick, während die niedrige massiver ist, damit ein Kissen aufgelegt werden kann, um sich bequem auf dem Sofa niederzulegen. Um dem Rücken die rechte Stütze zu geben und die Tiefe des Sofas auf individuelle Bedürfnisse hin zu regulieren, ist ein niedriges Rückenkissen erhältlich mit den gleichen Ziernähten, die auch die Elemente Lawrence "Clan" kennzeichnen.

Diese, auf Wunsch erhältliche Kissen, in den Maßen 50x50 cm oder 43x43 cm, mit einem quadratischen Knopf in der Mitte, fügen eine Note moderner Dekoration hinzu.

Lawrence existe en deux versions, avec accoudoir haut et avec accoudoir bas, qui correspondent à des solutions esthétiques diverses. L'accoudoir haut est d'une épaisseur assez fine tandis que l'accoudoir bas est plus épais et permet de poser un coussin afin de pouvoir s'allonger confortablement sur le canapé.

Un coussin cale-reins, reprenant les mêmes coutures que les éléments Lawrence "Clan", est prévu pour assurer un bon appui du dos et régler la profondeur du canapé en fonction des besoins individuels.

Les coussins en option, 50x50 cm ou 43x43 cm avec bouton central carré, ajoutent une touche déco moderne à l'ensemble.

## DETTAGLI CHE FANNO LA DIFFERENZA / DETAILS THAT MAKE THE DIFFERENCE

L'elegante cornice perimetrale in metallo colore Black-Nickel sottolinea il rigore estetico che caratterizza il divano Lawrence, mentre una base perimetrale arretrata realizzata in lega metallica verniciata in colore nero mantiene il divano sollevato da terra e gli conferisce un aspetto flottante. Questo dettaglio di grande ricchezza assolve anche alla funzione di proteggere la parte inferiore del divano.

The elegant metal perimeter frame with Black-Nickel color finish emphasizes the formal aesthetic of the Lawrence sofa, while a set-back perimeter base in metal alloy with painted black finish supports the sofa and gives it the appearance of floating above the floor. This eminently sophisticated detail also performs the function of protecting the lower part of the sofa.

Die elegante black-nickelfarbige Metallumrahmung in betont die enge Ästhetik, die das Sofa Lawrence kennzeichnet, während eine etwas zurückliegende Umrandung der Bodenauflage aus schwarz lackierter Metalllegierung das Sofa vom Boden abhebt und ihm einen schwebenden Aspekt verleiht. Dieses besonders raffinierte Detail dient auch zum Schutz des unteren Sofateils.

L'élegant cadre périmetrique en métal couleur Black-Nickel souligne la rigueur esthétique qui caractérise le canapé Lawrence, tandis qu'un piétement en retrait réalisé en alliage métallique peint en noir, maintient le canapé soulevé du sol et lui donne un aspect flottant. Ce détail particulièrement sophistiqué remplit également la fonction de protéger la partie inférieure du canapé.

Al fine di mantenere una corretta posizione del cuscino e la sua perfetta stabilità nel tempo, la struttura del sedile è dotata di sedi concave appositamente progettate per accogliere i cuscini di seduta.

Cuscini sedile completamente reversibili, con imbottitura in piuma d'oca canalizzata e inserto centrale in poliuretano espanso a quote differenziate ad alta resilienza rivestito da un ulteriore strato di Memory Foam.

## LAWRENCE BED

Rodolfo Dordoni design

**Struttura:** giroletto monoscocca autoportante in legno multistrati di forte spessore. Il giroletto è progettato per accogliere al suo interno molle insaccate ricoperte in superficie da uno strato di poliuretano espanso ad alta resilienza (esente da CFC).

Un pannello di multistrati forato, posto alla base delle molle, agevola l'aerazione.

Testata in multistrati, imbottita con poliuretano espanso a quote differenziate ad alta densità.

Tutte le parti imbottite sono rivestite con fibra termolegata ed accoppiata con tela di cotone bianca che conferisce morbidezza e sofficità alle imbottiture isolandole dal tessuto, garantendo igiene al prodotto. Ulteriore rivestimento in tessuto tecnico traforato nella parte superiore del giroletto, che permette una maggiore traspirazione della struttura a molle.

La confezione della testata è contraddistinta da cuciture dal carattere grafico e moderno.

Le testate si agganciano al sommier attraverso un pratico sistema di innesto a baionetta.

**Sfoderabilità:** rivestimento completamente sfoderabile in tessuto o pelle. Per facilitare la rimozione delle fodere, è possibile sfilare la testata dal giroletto tramite un sistema di innesto e sgancio rapido.

**Basi:** portanti in estruso di alluminio (disegno esclusivo Minotti Studio) verniciate extra-lucido anti-touch nel colore Bronzo chiaro.

Appoggio a terra tramite scivolanti in nylon.

**N.B.:** data la struttura del letto, non è possibile inserire la rete e regolare l'altezza del materasso.

**Structure:** one-piece, free-standing bed frame in very thick plywood. The bed frame is designed to accommodate pocket springs covered with a layer of high-resilience, (CFC-free) polyurethane foam.

A perforated plywood panel, placed under the springs, facilitates the circulation of air.

Headboard in plywood, padded with high-resilience, variable-density polyurethane foam.

All of the padded parts are covered in heat-bonded fiber laminated to white cotton fabric that lends a soft fluffiness to the padding while segregating it from the fabric, ensuring the product is both natural and hygienic. The upper part of the bed frame is covered with an additional perforated fabric covering that allows greater circulation of air around the sprung structure.

The headboard is equipped with two headrests to allow optimum reading support and comfort.

The headboard features contemporary, graphic stitching.

The headboards are held to the sommier by means of a practical bayonet coupling.

**Covers:** fabric and leather covers are completely removable. To facilitate removal of the coverings, the headboard can be lifted out of the bed frame by means of a quick set and release coupling system.

**Bases:** weight-bearing parts in extruded aluminum (exclusive Minotti Studio design) with high-gloss, anti-fingerprint, painted Light Bronze color finish. Rests on nylon slides.

**N.B.:** given the architecture of the bed, it is not possible to insert a regular slatted base, or adjust the height of the mattress.

**Gestell:** Selbsttragender Bettrahmen in Schalenbauweise aus Schichtholz von erheblicher Dicke. Der Bettrahmen enthält einen Taschenfederkern, der mit einer Lage aus hochelastischem Polyurethanschaum bedeckt ist (FCKW-frei).

Eine gelochte Schichtholzplatte als Unterlage der Taschenfedern sorgt für die richtige Belüftung.

Das Kopfteil aus Schichtholz ist mit hochdichten, verschiedenen dick geschäumtem Polyurethan gepolstert.

Alle Polsterenteile sind mit thermofixierter Faser bezogen, kombiniert mit weißem Baumwolltuch, was der Polsterung eine weiche, elastische Note verleiht, sie aber vom Bezugstoff trennt und damit Natürlichkeit und Hygiene des Produktes garantiert. Ein weiterer Bezug aus technischem Netzstoff deckt den oberen Teil des Bettrahmens, um eine bessere Belüftung der Federkernstruktur zu garantieren.

Das Kopfteil hat zwei Kopfstütze, die optimales Komfort zum Lesen bieten.

Das Kopfteil hat eine moderne graphische Absteppung.

Die Kopfenteile sind mit dem Sommier mit einem praktischen Bayonetensystem verbunden.

**Abziehbarkeit:** Stoff- oder Lederbezug vollkommen abziehbar. Um das Abziehen der Bezüge zu erleichtern, kann das Kopfteil über ein praktisches, schnelles Stecksystem vom Untergestell abgenommen werden.

**Bases:** Tragende Teile aus Aluminumpressguss (exklusives Design von Minotti Studio), Bronzefarbig lackiert mit glänzendem Anti-Touch-Finish. Bodenauflage mit Gleitschutz aus Nylon.

**N.B.:** Die Struktur des Bettes erlaubt es nicht, einen Bettrost einzufügen und die Matratzenhöhe zu regulieren.

**Structure:** tour de lit monocoque autoportante en contreplaqué de forte épaisseur. Le tour de lit est conçu pour accueillir des ressorts ensachés dont la surface est recouverte d'une couche de polyuréthane expansé haute résilience (sans CFC).

Une tete de lit en multiplis, favorisant l'aération, est située à la base des ressorts.

Tête de lit en multiplis, rembourrée en polyuréthane expansé à densité différenciée et haute densité.

Toutes les parties rembourrées sont recouvertes de fibre thermoliée double de toile de coton blanc donnant davantage de souplesse et de moelleux aux rembourrages en les isolant du tissu, afin de garantir un produit naturel et hygiénique. Sous-housse en tissu technique perforé dans la partie supérieure du tour de lit, permettant à la structure à ressorts de mieux respirer.

La tête de lit est équipée avec deux appuie-têtes offrant un appui supplémentaire idéal pour la lecture.

La confection de la tête de lit est caractérisée par des coutures au caractère graphique et moderne.

Les têtes du lit sont crochée au sommier avec une pratique système à baïonnettes.

**Déhoussage :** revêtement entièrement déhoussable en tissu ou cuir. Pour faciliter le déhoussage, on peut désolidariser la tête du tour de lit grâce à un mécanisme déclenchement et déclenchement rapide.

**Bases :** portantes en aluminium extrudé (d'après un dessin exclusif de Minotti Studio), peinture extra-brillante anti-trace de couleur Bronze Clair. Complétée de patins glisseurs en nylon.

**N.B.:** étant donné la structure du lit, il n'est pas possible d'introduire de sommier à lattes ni de régler la hauteur du matelas.

**Struttura:** la base del letto è costituita da un moderno cm 17 -high base with pocket springs that, along with the "Comfort H25" mattress, promises an extremely restful night's sleep. The bed rests on simple, but elegant metal blades with an extra-glossy anti-fingerprint Light Bronze colour finish.

The base of the bed includes the modern cm 17 -high base with pocket springs that, along with the "Comfort H25" mattress, promises an extremely restful night's sleep. The bed rests on simple, but elegant metal blades with an extra-glossy anti-fingerprint Light Bronze colour finish.

Das Bettgestell besteht aus einem modernen Polsterbett H 17 cm mit Taschenfedern, das gemeinsam mit der Matratze "Comfort H25" eine optimale Qualität des Nachschlafs garantiert. Die Bodenauflage besteht aus ganz einfachen, aber raffinierten, Metalleisten, mit hochglänzend Anti-fingerprint hell Bronze farbiger Lackierung.

La base du lit est constituée d'un moderne sommier H 17 cm caractérisé par la présence de ressorts ensachés qui, alliés au matelas "Comfort H25", favorisent un sommeil de bonne qualité. Il repose sur des lames essentielles et sophistiquées, en métal avec peinture extra-brillante anti-trace couleur Bronze Clair.
